

Practice Supervisor and Practice Assessor Updates for staff in General Practice & Independent Sector Placements

This update is suitable for:

- Practice Assessors or Practice Supervisors requiring an update or refresher
- Recently lapsed Practice Assessors or Practice Supervisors

Practice Assessors (PA) are registered nurses and nursing associates who assess and confirm the proficiencies of pre-registration nursing, nursing associate and return to practice nursing students.

Nursing students are assigned to practice and academic assessors who are registered nurses with appropriate equivalent experience for the student's field of practice. **Nursing associate students** are assigned to practice and academic assessors who are either a registered nursing associate or a registered nurse.

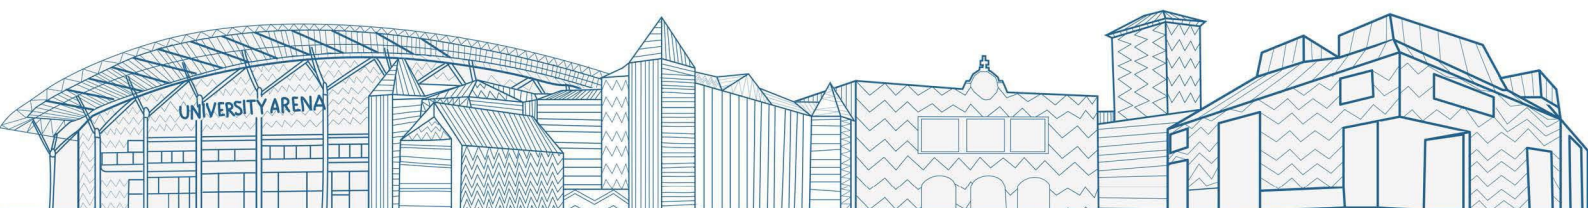

Practice Supervisors (PS) are registered health care professionals working in a practice environment who support and facilitate learning for students.

The NMC requires PA's and PS's to have attended appropriate preparation and regular updates to maintain their competency in assessing and supervising students.

Updates are required every two years with the option of a yearly update if preferred. Please ensure that you are aware when your next update is due.

Topics include:

- The PS/PA role in conjunction with The NMC (2018) Standards to Support Student Supervision and Assessment (SSSA)
- Using the e-MYEPAD (online) documentation and timesheet
- An understanding of the programme outcomes and proficiencies
- Facilitating learning of clinical skills
- Supporting learning within the scope of own practice

- Providing Constructive Feedback
- Coaching
- Reviewing the assessment process
- Raising concerns appropriately using relevant protocols (speaking up algorithm)
- How to write an action plan
